POSTOFFICE RULES MUST BE KEPT

Patrons Must Remember the United States Regulates Matters Now.

The registry department of the post office is having considerable trouble with patrons who fall to observe the rules which the United States Postoffice Department imposes on all the postoffices under its direction.

Louis Kenake, mail superintendent of the local postoffice, states that hereafter all mail presented at the registry

division must be properly stamped, the stamps for which must be purchased at the window especially designed for that purpose. No stamps will be sold upstairs in the registry division.

The rate for registering letters is 8 cents. This is the regular fee. In addition to this postage must be added according to the weight of the letter or package. Domestic rates on first-class matter is 2 cents per ounce; second-class, 1 cent for four ounces; thirdond-class, 1 cent for four ounces; third-class, 1 cent for two ounces; fourthclass, 1 cent per ounce. Foreign rates on first-class is 5 cents

per half ounce; second and third classes, I cent per two ounces. On fourth-class domestic matter, the limit of weight is placed at four pounds. Merchandise is not allowable except true, legitimate trade samples. The limit for samples is twelve ounces. Merchandise has to be sent at first-class rates. There is no parcel post in operation, that branch of the Hawaiian ser-

vice having seen discontinued on June

Wash Houses to be Improved.

Since appearance of the article in the Advertiser telling of the conditions at the wash houses at Iwilei the Board of Public Works has been planning great improvements at that place. A drain is to be completed to take the water from the wash houses far out into the tide waters of Kalihi bay and new walls are being talked of to replace the filth-saturated walls which visits have been made to the place by Dr. Garvin and Dr. Pratt accompanied officers of the Board of Public Works and it is expected that the improvements will-begin at once.

For a Shoe Factory.

There was not a large attendance at Barometer corrected to 22 F. and sea the meeting called for the purpose of well, and for standard gravity of Lat. 45, organizing the Hawaiian Shoe and Leather Company at the rooms of the Leather Company at the rooms of the Board of Trade yesterday and it is expected that the company will be organized by other methods.
